## PROFESSIONAL SUMMARY

Front-end developer and UI/UX designer with 3 years of experience in creating user-focused online applications. I am knowledgeable in web technologies, passionate about accessibility, and skilled in user research, wireframe creation, and usability testing. Passionate about industry developments and best practices.

## EDUCATION

### Federal Polytechnic Ilaro, Ogun state

Dec 2022 - 2024

National Diploma in Computer Science

## EXPERIENCE

### Graphic Designer

Louis Graphics Enterprises

November 2020 – September 2021

- Designed custom graphics for brands across various businesses, including logos, marketing materials, and social media content.
- Created visually appealing ads and flyers that effectively communicated client messages and boosted engagement.
- Worked closely with clients to ensure designs met their needs and enhanced their overall brand presence.

### UI Designer (Freelance, Remote)

- Designed and maintained user-friendly interfaces for an e-commerce platform, ensuring a seamless experience for increasing user traffic.
- Collaborated with developers to create effective communication between the frontend and backend, enhancing functionality with third-party payment gateways.
- Improved the usability of data displays and forms, ensuring quick access to information while maintaining the security of sensitive customer data.

### Junior Frontend Developer (Freelance, Remote)

- Developed interactive and responsive web interfaces for diverse clients, focusing on creating visually appealing and intuitive user experiences.
- Assisted in debugging and optimizing existing websites, enhancing performance and loading times to improve user satisfaction.
- Utilized HTML, CSS, and JavaScript to bring client ideas to life, ensuring designs aligned with their branding and project goals.
